Re: Tonolli Corporation Site, Carbon County, PA

Dear Sir or Madam:

The U.S. Environmental Protection Agency ("EPA"), by this letter, notifies you that Cambridge Iron & Metal is a Potentially Responsible Party (PRP) under Section 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. § 9607(a), as amended by the Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 100 Stat. 1613 (October 17, 1986) (hereinafter referred to as "CERCLA"), for contamination at the Tonolli Corporation Site ("Site") which is located on PA State Route 54 in Nesquehoning Borough, Carbon County, Pennsylvania. EPA's records show that inorganic contamination originating at the Tonolli Site has impacted the ground water and surface water around the Site, and may potentially impact the drinking water supplies of nearby residences.

EPA has determined that response action (see Section 101(25) of CERCLA, 42 U.S.C. § 9601(25)) at the Site is necessary and encourages your participation in the response actions described below. As further described below, EPA hereby requests that you notify EPA, within fourteen (14) calendar days of receipt of this letter, whether you are interested in participating in these actions. If we do not hear from your company by that time, EPA will assume that you have declined to participate in these actions.

Prior to this correspondence EPA sent you a similar letter under Region III's Superfund Removal Program. You are required to respond to that letter in addition to the request set forth herein.
